

Flash Final Assignment

Name: _____

Your job is to create a movie that will resemble a Plasma/Flat screen TV. The dimensions of the stage must be 750 px by 562 px.

Specifications

- Attempt to create a realistic looking TV, include a brand name, buttons etc. You may use an image as a background or you can draw it.
- Include a remote control near the TV. This will act as your channel surfer. This must be drawn using Flash.
- The TV must have 4 Channels. 3 of the Channels must have a small animation on each (must be a movie clip). 1 of the channels can be an image.
- There must be buttons on the remote that provide direct access to each of the channels. There also must be channel up and down buttons and a power button.
- Include small sound effects for each of the button. (www.flashkit.com)
- Your layer order must resemble the following:
 - Layer 1 actions
 - Layer 2 labels
 - Layer 3 Clips or content
 - Layer 4 Buttons, remote
 - Layer 5 Background, etc.

Evaluation - Rubric
