Photoshop Assignment #1

Your task is to create a wallpaper image that will be used for the student desktops here at DO'C. The dimensions of the image must be 1024 by 768 using a PSD format. Images can be found in the "DO'C Folders Drive/Collicutt/Photoshop#1/desktop Images" you must use parts from at least 8 of them. The following must be used or demonstrated somehow/somewhere in the artwork:

- Demonstrate a precise skill of the selection tools available (use of feathering, tolerance, etc.)
- Layers must be used, and demonstrate the changing of opacities and blending modes, and styles. One layer per selection.
- A minimum of 2 text layers must be used, one containing a title, and the other containing your name (company name?). Placement of these titles is important
- Demonstrate other effects available in Photoshop (Filters, gradients, fills, styles)
