

Name: \_\_\_\_\_

### **Stage 3 – Content (15%)**

In this stage your task will be to add all of your art/assignments that you have done so far this year (and last), to your website. You must include:

- Photoshop assignments
  - Wallpapers
  - Magazine
  - Car
  - Poster
- Illustrator assignments
  - DVD
  - AD duplication
  - Calendar Cover
- Flash (Coming soon)
- Work you created in previous years, personal and at DO'C
  - Drawings, etc.
- Resume (optional)
  - This must be converted to a pdf file (I will demo this)

Be sure to size down the images so that they fit in the appropriate area. Try to avoid right to left scrolling. All the artwork must be converted to a jpeg. You must use the “save for web” feature in Photoshop, so that it may be optimized.

#### **Site Checklist – address all of these issues**

- ✓ Window titles
- ✓ Description and keywords on enter page and frameset
- ✓ Logo acts as a home button
- ✓ No dead links
- ✓ E-mail address is an e-mail link
- ✓ Provide a description for all works
- ✓ Use standard fonts unless they are images
- ✓ Extensive use of tables for alignment purposes
- ✓ Alternate text on all images and buttons (unless it is a flash button)
- ✓ All Content added
- ✓ Links must relate to graphic design

DUE: April 15th
